Deter, Detect, Displace

Evolve

P10/20

This popular design fits into most retail environments, helping your stores deter, detect and displace shoplifters.

The EVOLVE™ P10 is a robust aesthetically pleasing antenna, designed to withstand tough retail environments such as supermarkets and hypermarkets, pharmacies, DIY stores and garden centers.

The EVOLVE™ P20 is a slimmer alternative to the P10 antenna, designed to withstand the same tough environments, but where space is at a premium.

Inside our P10/P20 systems is our powerful EVOLVE™ electronics, providing your stores with best-in-class EAS detection performance, giving you the reassurance that your EAS Systems' investment is working for you when you need it.

This flexible electronics platform also provides you with the opportunity to increase its' capabilities and extend the value of your investment.
