

Retail Technology Solutions

Environmental statement

At Checkpoint Systems, we recognise that businesses have an important role to play in conserving the planet's precious natural resources and safeguarding the environment for future generations.

As such, we are committed to reducing our overall environmental impact. Checkpoint's aim is to reduce our footprint by continuously investing in innovation, new technologies and process improvements in our factories and locations around the world. Our facilities are built to the latest standards and are audited and accredited with multiple ethical and environmental accreditations & standards including, SEDEX, Reach, OEKO-TEX, GRS, FSC COC and ISO 14001.

We are also committed to helping our customers meet their sustainability targets and collaborating to develop products that are more sustainable. Checkpoint offer a wide range of materials and technical expertise utilizing our global network of facilities to ensure production is close to needlepoint.

We annually assess and review our impact on the environment and will continue to evaluate and enhance our operations to reduce our environmental impact and meet the sustainability needs of our customers.
